Social justice has always been a core value driving public health. Today, much of the etiology of avoidable disease is rooted in inequitable social conditions brought on by disparities in wealth and power and reproduced through ongoing forms of oppression, exploitation, and marginalization. *Tackling Health Inequities* raises questions and provides a starting point for health practitioners ready to reorient public health practice to address the fundamental causes of health inequities. This reorientation involves restructuring the organization, culture and daily work of public health. *Tackling Health Inequities* is meant to inspire readers to imagine or envision public health practice and their role in ways that question contemporary thinking and assumptions, as emerging trends, social conditions, and policies generate increasing inequities in health.

**About the Editors:**

**Richard Hofrichter** is Senior Analyst, Health Equity for the National Association of County & City Health Officials.

**Rajiv Bhatia** is Director, Division of Occupational and Environmental Health at the San Francisco Department of Public Health, as well as Assistant Clinical Professor of Medicine, University of California at San Francisco.
PART I
INTRODUCTION: FRAMEWORKS, PERSPECTIVES, EVIDENCE
1. Tackling Health Inequities: A Framework for Public Health Practice, Richard Hofrichter
2. Why Health Equity?, Amartya Sen
3. Health Equity and Social Justice, Fabienne Peter
5. A Framework for Measuring Health Inequity, Yukiko Asada
6. Promoting Social Justice Through Public Health Policies, Programs, and Services, Alonzo Plough

PART II
RACISM, CLASS EXPLOITATION, SEXISM AND HEALTH: EXPOSING THE ROOTS
7. Structural Racism and Community Building, Keith Lawrence, Stacey Sutton, Anne Kabirsch, Gretchen Sui, and Karen Fullbright-Anderson
8. Coronary Heart Disease, Chronic Inflammation, and Pathogenic Social Hierarchies: A Biological Limit to Possible Reductions in Morbidity and Mortality, Rodrick Wallace, Deborah Wallace, and Robert G. Wallace
9. Social Sources of Racial Disparities in Health, David Williams and Pamela Braby Jackson
10. Class Exploitation and Psychiatric Disorders, Carlos Montaner, Carme Borrell, Haejoo Chung and Joan Benach
11. Beyond the Income Inequality Hypothesis: Class, Neo-liberalism, and Health Inequalities, David Coburn
12. Gender Inequity in Health: Why It Exists and How We Can Change It, Gita Sen and Piroshka Ostlin

PART III
PRACTITIONERS TAKE ACTION: STRATEGIES FOR ORGANIZATIONAL CHANGE AND WORKING WITH COMMUNITIES
13. Initiating Social Justice Action through Dialogue in a Local Health Department: The Ingham County Experience, Dual Bliss
14. The Metro Louisville Center for Health Equity: Expanding the Circle of Engagement, Adewale Troutman
15. Exploring the Intersection of Public Health and Social Justice: The Bay Area Regional Health Inequities Initiative, Bob Proctor and Aja Romeo
17. Estimation of Health Benefits From a Local Living Wage Ordinance, Rajiv Bhatia and Mitchell Katz
20. Tackling the Structural Causes of Health Disparities through Institutional Change, Community Capacity Building, and Strategic Local Policy Interventions, Anthony Inos, Sandra Witt, Alexandra Desautels, Katherine Schaff, Mia Luluisen, Liz Mako, Kathryn Henley, and Matt Beyers
21. Institutionalizing Health Equity and Social Justice in King County, Washington, Ngezi Oleru, Michael Gedeon, and Marius Valenzuela
22. Street Science: Local Knowledge and Environmental Justice, Jason Corburn
23. Measuring Social Determinants of Health Inequities: The CADH Health Equity Index, Baker Salsbury, Elaine O’Keefe, and Jennifer Kertanis
24. Place Matters: Leveraging the Power of Local and Regional Partnerships to Advance the Health Equity Movement, Gail Christopher, Vincent Lafronza, and Natalie Burke

PART IV
SHIFTING CONSCIOUSNESS AND PARADIGMS
25. Unnatural Causes: Using Media to Build a Constituency for Health Equity, Larry Adelman
26. Talking About Public Health: Developing America’s “Second Language”, Lawrence Wallack and Regina G. Lawrence
27. Helping Public Health Matter: Strategies for Building Public Awareness, Makam Zhemba Nixon
28. The Ethics of the Medical Model in Addressing the Root Causes of Health Disparities in Local Health Practice, Anthony B. Inos
29. Teaching Social Inequalities in Health: Institutional Barriers and Collective Solutions, Carlos Montaner and Haejoo Chung
