

# Mini Systems Design Challenge

## Transition Point #1

Transition Point:

**Step 1: If I could redesign this ONE transition, what would I do differently?**

**Step 2: Which implementation strategy would help most?**

- ☐ Workflow Redesign
- ☐ Provider Training
- ☐ Communication Structure
- ☐ Referral Systems
- ☐ Shared Tracking
- ☐ Other

**How would you implement this strategy?**

**Who needs to be involved?**

**What is one action that could begin within the next 30 days?**

# Mini Systems Design Challenge

## Transition Point #2

Transition Point:

**Step 1: If I could redesign this ONE transition, what would I do differently?**

**Step 2: Which implementation strategy would help most?**

- ☐ Workflow Redesign
- ☐ Provider Training
- ☐ Communication Structure
- ☐ Referral Systems
- ☐ Shared Tracking
- ☐ Other

**How would you implement this strategy?**

**Who needs to be involved?**

**What is one action that could begin within the next 30 days?**

## Final Reflection

Which redesign would create the greatest improvement in breastfeeding continuity of care in your community?
