**Sources:** CRS analysis of text of White House, Office of Management and Budget, “Estimate #1–FY 2016 Emergency Supplemental: Appropriations Request to Respond to the Zika Virus both Domestically Internationally,” February 22, 2016, [https://www.whitehouse.gov/omb/budget\\_amendments](https://www.whitehouse.gov/omb/budget_amendments); and bills and reports as cited. **Notes:** Numbers in parentheses are included in subtotals.

- a. Of the CDC funds provided, \$44 million is to restore funds reprogrammed for Zika response from the PHEP cooperative agreement.
- b. These funds would be transferred to HRSA for the specified activities.
- c. These funds shall be for Puerto Rico and other territories.
- d. Not less than \$60 million of this amount shall be for territories with the highest rates of Zika transmission.
- e. Unspecified amounts from the PHSSEF may be transferred to HRSA for National Health Service Corps activities in the territories, and for the Maternal and Child Health Block Grant.
- f. The House-reported Agriculture and Related Agencies appropriation for FY2017 included \$10 million for FDA activities related to the response to Ebola, Zika, and other emerging threats. H.Rept. 114-531, p. 70.

g. The rescissions in Division D of H.R. 5325 are not specifically tied to reducing the cost of Zika response, and it is unclear the extent to which they are related to Zika funding or other purposes. Among other funds rescinded, the rescissions include: \$7.5 million from USAID unobligated Ebola OE funds; \$109.5 million from foreign affairs bilateral economic assistance Ebola unobligated balances; and \$168.1 million from ACA Sec. 1323(a). (See table note m, below.) The rescissions of Ebola funds are designated as emergency funding. The ACA rescission is not designated as emergency funding. These rescissions total \$400 million in budget authority.
