Healthy People 2030 Vision & Mission

Vision

• A society in which all people can achieve their full potential for health and well-being across the lifespan.

Mission

• To promote, strengthen, and evaluate the nation’s efforts to improve the health and well-being of all people.
Healthy People 2030 Overarching Goals

1. Attain healthy, thriving lives, and well-being free of preventable disease, disability, injury, and premature death.

2. Eliminate health disparities, achieve health equity, and attain health literacy to improve the health and well-being of all.

3. Create social, physical, and economic environments that promote attaining the full potential for health and well-being for all.

4. Promote healthy development, healthy behaviors, and well-being across all life stages.

5. Engage leadership, key constituents, and the public across multiple sectors to take action and design policies that improve the health and well-being of all.
Social Determinants of Health Framework

Social determinants of health (SDOH) are the conditions in the environments where people are born, live, learn, work, play, worship, and age that affect a wide range of health, functioning, and quality-of-life outcomes and risks.
Healthy People 2030 Objectives & Measures
