OVERVIEW

The National Association of County and City Health Officials (NACCHO) is the voice of the nearly 3,000 local health departments (LHDs) across the country. These city, county, metropolitan, district, and tribal departments work to protect and improve the health of all people and all communities. NACCHO provides capacity-building resources that support LHD leaders in developing and implementing public health policies and practices to ensure communities have access to the vital programs and services that protect them from disease and disaster. Additionally, NACCHO engages with federal policymakers on behalf of LHDs to ensure adequate resources, appropriate public health legislation, and sensible policies are in place to address the myriad of public health challenges facing communities.

With support from the Centers for Disease Control and Prevention (CDC), NACCHO is pleased to announce *Equipping Local Health Departments to Address Vaccine Hesitancy*, a technical assistance and capacity-building opportunity that will provide LHDs with resources to address vaccine hesitancy across the lifespan for routine, influenza, COVID-19, and other vaccine preventable diseases (VPDs). Selected LHDs will receive training, technical assistance, and other resources to address vaccine hesitancy and misinformation, build partnerships with other local organizations, and identify areas of need to improve vaccine confidence and uptake.

Through this funding opportunity, NACCHO will award up to three LHDs up to \$100,000 per award to complete project deliverables. The project period shall begin upon both parties' full execution of the contract and will end on **July 31, 2023**. Contingent on CDC approval of a no-cost extension, the project period of performance may continue (with a contract modification) beyond the specified contract end date. Applications must be submitted through the [online submission form](#) no later than **October 24, 2022, 11:59 pm PT**. In fairness to all applicants, NACCHO will not accept late submissions.

All necessary information regarding the project and application process may be found in this RFA. Applicants may pose individual questions to NACCHO at any point during the application process by emailing immunization@naccho.org.

RFA Informational Webinar: NACCHO will host an optional informational webinar on **October 6, 2022, at 1:00 pm ET** to review the funding opportunity and respond to questions. Visit [this link](#) to register.

Questions may be submitted in advance to immunization@naccho.org. Please note that no new information will be shared during the webinar. The webinar will be recorded and sent to registrants. The recording will also be posted to the NACCHO website [here](#).

ELIGIBILITY AND CONTRACT TERMS

Eligibility: This opportunity is open to LHDs with an identified need or interest to promote vaccine confidence and contain vaccine misinformation as related to routine, influenza, COVID-19, and/or other vaccines.

Contract Terms: NACCHO expects you, as the applicant, to review and agree to the NACCHO standard contract terms ([Appendix A](#)) and conditions as a requirement of award. **No modifications to the terms or contract language will be made. Contractors that cannot agree to NACCHO's contract language should not apply for this initiative.** If you are an applicant from Florida, please contact NACCHO immediately for a copy of the Florida standard contract.

It is the responsibility of the selected LHDs to return a signed copy of the contract within approximately 30 days of receipt. Recipients are encouraged to proactively coordinate their agency's grant approval process to avoid possible delays. Applicants should review all terms and conditions to determine if they are appropriate for submitting a proposal.

Selected LHDs will enter into a contract with NACCHO to complete the required activities outlined below. NACCHO will pay each awarded LHD demonstration site in payments in

exchange for completion of the assigned scope of work (SOW) and accepted deliverables. Deliverables will be priced as a portion of the total award amount. The SOW will outline an invoicing schedule to include at least two invoices. Please note NACCHO reserves the right to make changes to the project timeline and payment schedule if necessary.

Award Terms & Conditions, Federal Regulations, and Policies: CDC and grant recipients must comply with all applicable terms and conditions of award, federal laws, regulations, and policies: <https://www.cdc.gov/grants/documents/General-Terms-and-Conditions-Non-Research-Awards.pdf>.

PROJECT GOALS & TECHNICAL REQUIREMENTS

NACCHO's *Equipping Local Health Departments to Address Vaccine Hesitancy* project seeks to provide capacity-building assistance to support and mobilize LHDs' efforts to address vaccine hesitancy, deliver comprehensive immunization services and education, and mitigate the occurrence of VPDs in communities, especially among those populations and communities determined to be a priority within local jurisdictions.

The selected applicants will be required to conduct the specific activities listed below in addition to implementing their proposed program activities. A SOW will be agreed upon after award acceptance by applicants. A draft SOW is provided in [Appendix B](#).

All awardees will be required to conduct the following activities throughout the project period:

- Participate in virtual learning, technical assistance, and partnership activities to openly share challenges, results, and outcomes.
- Conduct [CDC's Rapid Community Assessment](#) (RCA) to identify communities at-risk for low vaccine uptake, better understand the local community's vaccine needs and decisions, identify areas of intervention, and prioritize potential intervention strategies. **This is a critical element of the award and will require a substantial time commitment.**
- Use the RCA results to develop and implement a project workplan outlining LHD vaccine hesitancy goals, activities, partners, outcomes, and timelines.
- Participate in check-in calls facilitated by NACCHO to review the progress of planned activities and any major changes to the proposed workplan. Participants will include at least one representative from NACCHO and the awardee as well as any other stakeholders invited by the awardee.
- Participate in scheduled peer sharing and technical assistance calls facilitated by NACCHO to discuss emerging issues, lessons learned, and/or best practices with other project sites.
- Collaborate and partner with community organizations and stakeholders to improve education and outreach to identified communities impacted by vaccine hesitancy and misinformation.

- Contribute at least one resource, tool, or other best practice on addressing vaccine hesitancy to NACCHO’s communication platforms.
- Participate in evaluation activities and document project outcomes. Recipients will be expected to conduct the following activities:
 - Participate in NACCHO’s evaluation and assessment activities conducted at baseline, mid-year, and project close.
 - Submit a final report detailing the successes, challenges, and lessons learned from participation in the project.
- Designate one LHD main point of contact with whom NACCHO will directly communicate on all matters related to this project.

Method of Payment

NACCHO will pay the selected contractor in **5 installments** upon receipt of deliverables per the payment schedule identified in [Appendix B](#). Please note that NACCHO reserves the right to make changes to the project timeline and payment schedule if necessary.

NACCHO Support

NACCHO staff will serve as a resource to the LHD to ensure adequate completion of the SOW and achievement of project goals by fulfilling the following responsibilities:

- Provide background information related to the project, including access to NACCHO’s reports, data, and other resources necessary to complete the tasks above.
- Provide opportunities for learning and peer-to-peer networking among awarded LHDs.
- Assist LHDs in conducting the RCA by providing training and technical assistance.
- Provide direct technical assistance for the completion of tasks, including periodic webinars and phone or email consultations.
- Facilitate routine conference calls, webinars, and information exchange between recipients.

APPLICATION SCORING

NACCHO will score applications based on how well they demonstrate the criteria for this project. The score has two components: a general application score and a health equity score. Responses provided from the narrative section will be used to calculate the general application score. Beyond the narrative, NACCHO will calculate a SEPARATE health equity score for applicants AFTER receiving a completed application and a general application score has been calculated. The maximum score an applicant may receive is 11.00 (i.e., 10.00 general application score + 1.00 health equity score).

General application score: The table below outlines the criteria used to score the general application.

Criteria – General Application Score	Weight
Jurisdictional need	25%
Strategy and approach	30%
Capacity to implement approach	25%
Capacity to identify, establish, and leverage partnerships	20%

Health equity score: NACCHO will also consider the impact of this work on health equity, including its impact on how LHDs engage with groups that are marginalized. NACCHO will calculate this score for applicants based on the following pre-selected metrics related to health equity.

Criteria – Health Equity Score	Weight
Medically Underserved Areas/Populations designation <i>Score based on MUA/P status for service areas within applicant's jurisdiction.</i>	50%
CDC/ATSDR Minority Health Social Vulnerability Index score (MH SVI) <i>Score based on composite MH SVI for counties within applicant's jurisdiction. The MH SVI builds on the CDC/ATSDR SVI and includes additional variables for race, ethnicity, language, medical vulnerability, and health care infrastructure.</i>	50%
