Workforce Development and Competency Assessments

MidAmerica Center for Public Health Practice at the University of Illinois at Chicago School of Public Health
Overview

• What are we asking you to do?
• Why are we asking you to do it?
• Why is it important to you and the organization?
• How will you do it?
What are we asking you to do?

1. This skill is not important for performing my current job.
2. This skill is slightly important for performing my current job.
3. This skill is moderately important for performing my current job.
4. This skill is very important for performing my current job.

For the Confidence to complete items, rate your confidence on the 1-4 scale where:

1. None/Very little (I am unaware, or have very little knowledge of the item)
2. Aware (I have heard of it; limited knowledge and/or ability to apply the skill)
3. Knowledgeable (I am comfortable with knowledge or ability to apply the skill)
4. Proficient (I am comfortable, an expert; could teach this to others)

Check N/A if you feel this competency does not apply to your current responsibilities.

Training & Education
Council on Linkages Competency Sets

• The Core Competencies offers a starting point for public health professionals and organizations working to better understand and meet workforce development needs.

• Competencies are applied skills and knowledge that enable people to perform work.
Three Tiers of Employees

• Tier 1: those who carry out the day-to-day tasks of public health organizations and are not in management positions
• Tier 2: those with program management or supervisory responsibilities
• Tier 3: those at the senior/management level or leaders of public health organizations
Why is this important to you?
Why are we asking you to do it?

Public Health Accreditation Board (PHAB):
National public health department accreditation consists of:

- adoption of a set of standards
- a process to measure health department performance against those standards
- recognition for those departments that meet the standards
PHAB Accreditation

• Advances quality and performance within public health departments

• Is a means for a department to:
  – identify performance improvement opportunities
  – improve management
  – develop leadership
  – improve relationships with the community
Domain 8 of Accreditation

Focuses on the need for health departments to maintain a trained and competent workforce to perform public health duties.

- **Standard 8.1:** Encourage the Development of a Sufficient Number of Qualified Public Health Workers
- **Standard 8.2:** Assess staff competencies and address gaps by enabling organizational and individual training and development opportunities
How to complete the assessment?

Go to www.publichealthlearning.com

1. Click on the Login link in the upper right hand corner.
2. Use the username and login provided to you.
• When prompted, enter your pre-assigned password and then choose a new password that is at least 8 characters long, has at least 1 lower case letter and at least 1 upper case letter. Enter in your new password twice and then click on “save changes.”
Once your password has been changed successfully, you will be logged in to the PublicHealthLearning.com website.

Click on “My Learning” to continue.

On the “My Learning” page, click on “Launch Course” to launch enter the assessment page.
• On the course page, read the information given and click on the link to the assessment.
• On the assessment page, click on “Answer the questions…” to get started.
• While taking the assessment, click on “Next page” to advance. You will not be able to move on to the next page unless all questions have been answered on the current page.
To answer questions in the assessment, click on the appropriate radio button under each listed question.

Once you have reached the end, click on continue to finish the assessment.
Timeline & Next Steps

• Assessments will be available April 8, 2013 through May 1, 2013.
• Results will be reviewed by May 15, 2013.
• Results will be shared with the organization and you by June 15, 2013.
