

Public Health Breastfeeding Webinar Series Archived Webinars

The series identifies public health solutions and promotes equity in breastfeeding rates and access to care. To learn more, visit <https://bit.ly/2NLsDmt>, or email breastfeeding@naccho.org.

— No-cost continuing education available for MDs, RNs, CPHs, CHESs —

Building Sustainable Projects through PSE Changes

Addresses how communities can implement Policy, Systems, and Environmental (PSE) changes to integrate lactation services into existing programs.

Link for CEs: <http://bit.ly/2FSzO41>

Moving from National Programs to Local Initiatives

Explores how breastfeeding has been woven into the performance measures of national public health programs, including Title V, Healthy Start, and Home Visiting.

Link for CEs: <http://bit.ly/2FLglpT>

Leveraging Funds and Partnerships for Sustainability

Focuses on how local-level organizations can amplify the impact and longevity of community breastfeeding programs by skillfully leveraging funds and partnerships.

Link for CEs: <http://bit.ly/2HMsKXk>

Engaging the Hard-to-Reach

Addresses how local-level organizations can better support communities with low breastfeeding rates by engaging and retaining women and families who are hard to reach.

Link for CEs: <http://bit.ly/2pp4dAR>

Closing the Care Gap

Examines varying mechanisms that can be used to create a continuum of care to support breastfeeding in underserved communities.

Link for CEs: <http://bit.ly/2HNSFOa>

Implementations that Work

Explores results and lessons learned from the Reducing Breastfeeding Disparities through Peer and Professional Support project. (No continuing education credits available for this webinar.)

Breastfeeding Public Health Partners (BPHP) Webinar Series: Charting the Course Together - Archived Webinars

— No-cost continuing education available for MDs, RNs, CPHs, CHESs. CERPs and CPEUs expire within one year of webinar date. —

Broadening the Spectrum of Skilled Lactation Care in the Community

Focuses on access and availability of skilled lactation support and defines the public health landscape for breastfeeding continuity of care at the community level. This series also identifies mechanisms to build equitable access to lactation care by working collaboratively with skilled lactation support providers, families, and community stakeholders. <https://adobe.ly/2KSif6E>

Supporting Breastfeeding at Work

Examines workplace support through supportive policies and practical tools to implement a breastfeeding-friendly workplace and childcare environment. This session provides the public health context on the importance of workplace support, and the return on investment for supporting both employers and employees to accommodate breastfeeding at work. <https://adobe.ly/2tY9VvY>

Maternity Care Practices at the Nexus of Hospitals, Providers, States and Communities

Addresses breastfeeding support within the maternity care settings. Beyond hospitals, many entities — including healthcare providers, state and local health departments, breastfeeding coalitions and community-based organizations — can play a role in ensuring that birthing facilities incorporate evidence-based practices to increase in-hospital initiation and community duration rates through sustained collective efforts. BREASTFEEDING IN THE COMMUNITY: A TWO-PART WEBINAR SERIES

Innovations to Advance Rural Health

Compared to urbanites, the 46 million Americans living in rural areas of the nation shoulder a disproportionately heavy burden of poor health outcomes. This webinar addresses rural barriers to breastfeeding and presents innovative solutions to advance rural health through breastfeeding support expansion. CERPs expiring within a year of webinar date: <http://bit.ly/2m18LM6>

Engaging and Empowering Families

Successful public health programs reach community members where they are with services and supports designed to meet their identified needs. Many organizations host quality programming, but struggle to engage and catalyze the community. CERPs expiring within a year of webinar date: <http://bit.ly/2CL4Sp4>
