The Honorable Mitch McConnell  
Majority Leader  
United States Senate  
U.S. Capitol Building, S-230  
Washington DC 20510

The Honorable Charles Schumer  
Minority Leader  
United States Senate  
U.S. Capitol Building, S-221  
Washington, DC 20510

The Honorable Paul Ryan  
Speaker  
United States House of Representatives  
U.S. Capitol Building, H-232  
Washington DC 20510

The Honorable Nancy Pelosi  
Minority Leader  
United States House of Representatives  
U.S. Capitol Building, H-204  
Washington DC 20510

Dear Majority Leader McConnell, Minority Leader Schumer, Speaker Ryan and Minority Leader Pelosi:

We write to express our deep disappointment that H.R. 195 (the Continuing Resolution) introduced in the House of Representatives did not include provisions renewing the bipartisan Maternal, Infant and Early Childhood Home Visiting (MIECHV) program. As you are aware, MIECHV provides funding to states, territories and tribes to implement and expand effective home visiting programs that improve the early health, school readiness and economic stability of children and families. This important program is credited with significantly improving prenatal health, birth outcomes, school readiness and parenting skills, while reducing child abuse, neglect and injuries, dependence on public assistance and parental involvement in the criminal justice system. These outcomes yield impressive dividends to communities, states, tribes and the federal government in human capital and reduced government expenditures.

As you know, MIECHV enjoys broad bipartisan support in Congress. Last year, the House of Representatives passed legislation to renew MIECHV for five years at level funding. In fact, Chairman Kevin Brady made it a priority of the Ways and Means Committee, calling MIECHV “a solution to help more families climb the economic ladder and empower parents to achieve better outcomes for themselves and their children.” In the Senate, bipartisan legislation spearheaded by Senator Grassley and Senator Menendez would reauthorize MIECHV for five years at level funding. It is unquestioned that MIECHV is sound policy that promotes healthy, resilient families who are equipped to succeed.

As you know, funding for MIECHV expired last September. The lapse in funding has impacted the ability of some home visiting programs to plan operations for the future and hire and retain home visitors. Instability in funding has the real potential to undermine the ability of home visiting

programs to operate, and will ultimately harm children and families. We therefore call upon you to renew MIECHV for five years at no less than its current funding level of \$400 million annually in the Continuing Resolution.

We are pleased to see the Children's Health Insurance Program (CHIP) reauthorized in the Continuing Resolution. Many children served by MIECHV rely on CHIP for their health coverage. We want to also urge you to fund community health centers, as many families served by MIECHV receive comprehensive health services at community health centers. CHIP, MIECHV and community health centers are vitally important to raising healthy children who can succeed and thrive in school and life.

We urge you to continue to prioritize the needs of vulnerable children in the Continuing Resolution by including a five-year renewal of MIECHV at its current funding level and by funding community health centers.

Sincerely,

1,000 Days
